

## Current Broadband Projects in Lincoln County

### Charter Spectrum RDOF Project

Charter Spectrum has received a Federal Communications Commission RDOF (Rural Digital Opportunity Fund) grant to construct fiber to premise to a large part of Lincoln County. Charter currently plans to begin construction in 2026; however, the schedule may be accelerated.

Areas included in this project are shaded in light blue on the map below.

[Click Here for an Interactive Map of the Project](#)

1. Select the layers checked below from the list to the left of the map:
2. Enter an address in the search box or select Lincoln County from the “Map a County” option to the right of the map.
3. The areas included in the Charter Spectrum RDOF project are shaded in light blue on the map.
4. Allow sufficient time for the shading to load when zooming in or out on the map.
